

## PRÓXIMAS REUNIÕES INTERNACIONAIS

### 4<sup>th</sup> Micro and Nano Flows Conference, MNF2014

September 7-10, 2014, University College London

### 15<sup>th</sup> International Congress of Biorheology and 8<sup>th</sup> International Conference on Clinical Hemorheology

May 24-28, 2015, Seoul, Korea

The Joint Meeting of International Society of Biorheology and International Society for Clinical Hemorheology

### 15<sup>th</sup> International Congress of Biorheology and 8<sup>th</sup> International Conference on Clinical Hemorheology

**May 24-28, 2015**

**Korea University, Seoul, Korea**

#### Preliminary Topics of Scientific Sessions and Symposia

Arterial Hypertension	Basic Research in Hemorheology
Cellular Rheology and Biophysics	Biomechanics in Pharmacology
Biotechnology	Microfluidics/Optics in biorheology
Biorheology and Cancer	Sensors and Measurements
Cell-Cell Interactions	Numerical Modeling and Simulation
Diabetic Mellitus and Hemorheology	Mechanobiology of Soft Tissues and Bone
Vascular Function & Mechanism	Molecular Biorheology
Thrombosis and Hemorheology	Rheological Behavior of Bio-materials
Hemorheological Response to Therapy	Nitric Oxide in Biorheology
Hemorheology in Hemoglobinopathies	Physical Training and Hemorheology
Hemorheology and Vascular Diseases	Microcirculation and Microrheology
